STATE REFUND POLICY FOR WASHINGTON RESIDENTS

If the student completes this amount of training:	School may keep this percentage of tuition:
One week or up to 10%, whichever is less	10%
More than one week (or 10%), whichever is less, but less than 25%	25%
25% through 50%	50%
More than 50%	100%

1. The student may cancel this contract at any time prior to midnight of the fifth (5) business day after signing this contract.
2. All refunds will be made within 30 days from the date of termination. The official date of termination or withdrawal of a student is the last day of recorded attendance and shall be determined in the following manner:
 - a. The date on which the school receives written notice of the student’s intention to discontinue the training program; or
 - b. The date on which the student violates published school policy, which provides for termination.
 - c. Should a student fail to return from an excused leave of absence or extended leave of absence, the effective date of termination is the earlier of the date that the school determines the student is not returning or the day following the expected return date.
3. The student will receive a full refund of tuition and fees paid if the school discontinues a course/program within a period of time a student could have reasonably completed it, except that this provision shall not apply in the event the school ceases operation.
4. The policy for granting credit for previous training shall not impact the refund policy.

Combination distance education/resident training programs:

- (a) The following is a minimum refund policy for a distance education program that includes mandatory resident training courses.
 - (i) There is no distinction between tuition for the distance education and resident portions of the program.
 - (ii) For settlement of the distance education portion of the combination program, the provisions of the table below apply.

If the student completes this percentage of lessons:	School may keep this percentage of tuition:
0% through 10%	10%
11% through 25%	25%

25% through 50%	50%
More than 50%	100%

(iii) For the resident portion of the program, beginning with the first resident class session if the student requests a cancellation, the provisions of the table under the state refund policy apply.

(iv) Calculate the amount of resident training completed by dividing the total number of training days provided in the resident training program by the number of instructional days the student attends resident training.

(b) A distance education student who cancels after paying full tuition is entitled to receive all course materials, including kits and equipment

OKLAHOMA CANCELLATION AND REFUND POLICY

A school's refund policy shall state its applicability to both school-determined and student driven enrollment terminations. You may cancel this agreement without penalty or obligation by notifying Lincoln College of Technology, 11194 East 45th Avenue, Denver, CO 80239, or (303) 722-5724 by midnight of the third (3rd) business day from the date of this enrollment agreement. However, the registration fee deposit of \$25.00 is non-refundable. This includes applicants who were rejected by Lincoln College of Technology or notified the college of cancelation prior to the commencement of classes.

For students terminating training after entering school and starting the program, the school may retain:

- a. 10% of total tuition if withdrawal occurs within the first week of the term;
- b. 25% of total tuition if withdrawal occurs after the first week but within the first 25% of the term;
- c. 50% of the total tuition if withdrawal occurs after completing over 25% but within 50% of the term; and
- d. 100% of the total tuition if withdrawal occurs after completing more than 50% of the term.

Three-day cancellation. All monies paid by an applicant shall be refunded if requested within three days after signing an enrollment agreement and making an initial payment.

Other cancellation. An applicant subsequently requesting cancellation shall be entitled to a refund of all monies paid minus a registration fee of 15% of the contract price of the course, but in no event may the school retain more than \$150.00.

Discontinued class. If a class is discontinued by a school while students are still enrolled in that class, and the school is still offering training in other areas, all monies (student loan, grant, and etc.) paid the school for students enrolled in the class at the time it is discontinued shall be refunded to the entity legally entitled to the refund. A school shall have thirty (30) days to restart the class or pay the refund.

Special cases. In case of student prolonged illness or accident, death in the family, or other circumstances that make it impractical to complete the course, the school shall make a settlement which is reasonable and fair to both

Items of extra expenses to the student such as, instructional supplies or equipment, tools, student activities, laboratory fees, service charges, and rentals deposits are non-refundable. For housing and meals, students should refer to the Student Housing Agreement.

For the purpose of calculating refunds, the student's last day of attendance will be used. Any refund due shall be paid within 30 days after cancellation or termination.

High School Scholarship Program

General Information

The High School Annual Scholarship Award Program is for High School Seniors graduating in 2025 who start school by December 31, 2025. The student must be in good standing with their high school at graduation and must earn a high school diploma in order to take advantage of any award money. A preliminary scholarship competition is conducted in the form of aptitude testing. On the basis of test results, semi-finalists are selected and invited to submit a portfolio. The top twenty semi-finalists with portfolios will be recognized and the top ten semi-finalists will return for an interview conducted by the scholarship committee comprised of volunteers representing business, industry, education and/or government not affiliated with LCT. This committee will evaluate each candidate on the basis of preliminary test results, professionalism, enthusiasm, personal conduct, and oral expression.

LCT will award applicants a \$500 scholarship to 2025 high school seniors who score between a 39-46 on the scholarship aptitude test. A \$1,000 scholarship will be awarded to 2025 high school seniors who score between a 47-55 on the scholarship aptitude test. Students can only receive one scholarship through this program. Students will not be able to combine scholarships awarded in the testing portion, semi-finalist, and finalist portion. The testing deadline for the \$500-\$1000 scholarship is December 31, 2025.

The semi-finalists who place 11th – 20th based on the portfolio will be awarded the following amounts: 11th – 13th Place = \$3,500 14th – 20th Place = \$2,500

The top-ten finalists will be interviewed by the scholarship committee and each finalist will be awarded only one of the following based on his/her performance: a \$10,000 scholarship (1 available); \$7,500 scholarship (9 available); \$3,500 scholarship (3 available); \$2,500 scholarship (7 available). Scholarships will be awarded by June 30, 2025.

Portfolio Guidelines

The student must prepare a one-page essay of no less than 300 words on why they wish to attend Lincoln College of Technology. In addition, they will need to submit three (3) letters of recommendation which highlight their character, work ethic, and passion for the industry. These letters may be from a teacher, counselor, employer, community leader, or professional friend. Family members may not be used as a reference. The portfolios will be judged on professionalism, presentation, and content by an independent individual. The portfolio submission deadline is May 23, 2025. No late portfolios will be considered.

American Hero Scholarship

Purpose:

Lincoln Scholarship Programs are designed to provide financial assistance to students who meet the criteria established below and want to enroll in one of the Lincoln Group of Schools* for enrollments between January 1, 2025 through December 31, 2025. By offering the *American Hero Scholarship* to future students who are interested in vocational career training, Lincoln continues to show its commitment to helping students reach their goals as it has done since opening its first school in 1946.

Eligibility Requirements:**

In order to apply for a Lincoln Scholarship, an eligible student must:

- Complete the application process to enroll;
- Complete the Free Application for Federal Student Aid (FAFSA);
- Enroll in the program of your choice by December 31, 2025; and
- Submit your Lincoln Scholarship application to the financial aid staff.

American Hero Scholarships applicants must submit proof of military service.

Those students awarded a scholarship must maintain satisfactory academic progress and also must attend the Lincoln Financial Literacy presentation within six weeks of enrollment. Only students that meet the qualifications listed above, and the admissions requirements in order to be considered an enrolled student, and who have demonstrated a financial need, can be awarded this scholarship.

Scholarship Award:

Each eligible student may apply for one scholarship with an award of \$1,000**. The scholarship will be prorated over the entire length of his/her program. A Lincoln designee will make the final decision regarding the award.

Applications can be submitted any time prior to enrollment periods established by the school of your choice. Winners of the scholarship will be notified in writing by school administration. The notification will include the amount being awarded and start date for the program.

Additional Scholarship Information:

In order to be eligible for the scholarship, a student must enroll between January 1, 2025 and December 31, 2025. Applications must be submitted on or before December 31, 2025. The scholarship will not be awarded to any student who defers their enrollment past the requisite time period. The amount and number of scholarships offered by each campus can vary based on the number of applications. This award is a scholarship and does not require any form of repayment to any of the Lincoln Group of Schools*.

These Scholarship programs can be suspended at any time. There would be no adverse impact on those students who were awarded a scholarship in the event that the Scholarship program was suspended.

Students can receive any combined Lincoln Scholarships / Grant not to exceed \$3,000.

- If a student receives any single Lincoln scholarship / Grant exceeding \$3,000, that will be the only scholarship awarded, no other Lincoln Scholarship / Grant can be combined.
- Gap Grants, Relocation Grants and Academic Leadership Scholarships are excluded from the \$3,000 cap.

*The Lincoln Group of Schools includes those schools under the names of Lincoln Technical Institute, Lincoln College of Technology and Nashville-Auto Diesel College.

**Recipients of the American Hero Scholarship may have their award applied to books and fees, if tuition is fully covered by other sources. All scholarships must be applied for within 15 days of the start (with the exception of the Leadership Scholarships).

Custom Design and Fabrication

COLX100KA—CERTIFICATE OF COMPLETION

DAY PROGRAM

CIP CODE: 47.0604 SOC CODE: 49-3023

D Denver Campus

day . . . 7 weeks (including holidays and breaks), 240 instructional hours

objective

Provide participants with the master-level knowledge and skills required to plan, fabricate and restore custom vehicles and their systems. Participants will learn advanced welding techniques along with equipment and methods for fabrication and modification of vehicle bodies and body components.

Participants will also learn how to plan adapt, install, and document custom vehicle wiring harness. Participants will also review advanced tuning of engine management systems and will also plan, fabricate and install custom exhaust systems.

prerequisite

Individuals being considered for this program must demonstrate proficiency of the following skills and knowledge in MIG and TIG welding processes with steel and aluminum, basic metal fabrication, basic machining, engine repair and tuning, fuel systems, brake systems, transmission and driveline

systems, basic electrical, and steering and suspension. Proficiency will be demonstrated through the submittal of a portfolio and through an interview with the director of the program or their designee.

Mode of Delivery: Residential is the method we will use to deliver content in each course. The Residential courses are offered on ground at the campus.

course descriptions

KA200 – "SKIN & BONES" CUSTOM VEHICLE FABRICATION AND FIT/FINISH

120 Contact Hours (30 Lecture Hours/90 Lab Hours)

This course is inspired from the processes and techniques used by Kindig-It Design and the TV show "Bitchin Rides". In this course the student will learn how to plan, modify, parts and panels to fit custom parts to achieve exacting fit and finish. Students will learn and use tools and equipment that are used in the fabrication and modification of sheet metal and aluminum including but not limited to brakes, English wheels, power hammers, etc. Also, students will learn the process of taking a concept from a rendering and formulate a plan to build to completion.

Prerequisite(s): None
