

## **ACCSC School Performance Data**

The Accrediting Commission of Career Schools and Colleges (“ACCSC”) requires its accredited schools to publish its graduation, employment and licensure pass rates for each program as reported to ACCSC.

At this time, the East Point campus has not provided any data to ACCSC due to its first class starting in April 2024. After the East Point campus reports its initial performance data to ACCSC, this link will be modified to include the graduation and employment percentages.

If you would like to review the school performance data for any Lincoln Tech campus, please go to <https://www.lincolntech.edu/consumerinfo>.
