

**Automotive Technology:**

- The total cost of the program is \$36,477.
- 23% of students graduated from the program during 2020-2021.
- The average student graduates in 16 months.
- 2.9% of Lincoln students defaulted on, or failed to repay, their loans\* during the fiscal cohort year 2019.\*\*
- 85% of *graduates* during 2020-2021 obtained full-time, non-temporary employment jobs in their field of study. 20% of *students who enrolled* in the program during 2020-2021 obtained full-time, non-temporary employment jobs in their field of study.\*\*\*

**Collision Repair and Refinishing Technology:**

- The total cost of the program is \$27,048.
- 69% of students graduated from the program during 2020-2021.
- The average student graduates in 15 months.
- 2.9% of Lincoln students defaulted on, or failed to repay, their loans\* during the fiscal cohort year 2019.\*\*
- 72% of *graduates* during 2020-2021 obtained full-time, non-temporary employment jobs in their field of study. 50% of *students who enrolled* in the program during 2020-2021 obtained full-time, non-temporary employment jobs in their field of study.\*\*\*

### Diesel and Truck Mechanics:

- The total cost of the program is \$18,342.
- 0% of students graduated from the program during 2020-2021.
- There were no graduates during the reporting period so our institution is unable at this time to determine the average number of months it takes a student to graduate from this program
- 2.9% of Lincoln students defaulted on, or failed to repay, their loans\* during the fiscal cohort year 2019.\*\*
- There were no graduates available during the 2020-2021 time period to obtain full-time, non-temporary employment jobs in their field of study. There were no graduates who enrolled in the program during the 2020-2021 time period to obtain full-time, non-temporary employment jobs in their field of study.

### Diesel and Truck Technology:

- The total cost of the program is \$36,801.
- 41% of students graduated from the program during 2020-2021.
- The average student graduates in 17 months.
- 2.9% of Lincoln students defaulted on, or failed to repay, their loans\* during the fiscal cohort year 2019.\*\*
- 88% of *graduates* during 2020-2021 obtained full-time, non-temporary employment jobs in their field of study. 36% of *students who enrolled* in the program during 2020-2021 obtained full-time, non-temporary employment jobs in their field of study.\*\*\*

### Electrician Training:

- The total cost of the program is \$32,573.
- 12% of students graduated from the program during 2020-2021.
- The average student graduates in 14 months.
- 2.9% of Lincoln students defaulted on, or failed to repay, their loans\* during the fiscal cohort year 2019.\*\*
- 50% of *graduates* during 2020-2021 obtained full-time, non-temporary employment jobs in their field of study. 6% of *students who enrolled* in the program during 2020-2021 obtained full-time, non-temporary employment jobs in their field of study.\*\*\*

**Air Conditioning, Refrigeration, and Heating Technology:**

- The total cost of the program is \$31,498.
- 29% of students graduated from the program during 2020-2021.
- The average student graduates in 14 months.
- 2.9% of Lincoln students defaulted on, or failed to repay, their loans\* during the fiscal cohort year 2019.\*\*
- 100% of *graduates* during 2020-2021 obtained full-time, non-temporary employment jobs in their field of study. 29% of *students who enrolled* in the program during 2020-2021 obtained full-time, non-temporary employment jobs in their field of study.\*\*\*

**Welding Technology:**

- The total cost of the program is \$30,872.
- 78% of students graduated from the program during 2020-2021.
- The average student graduates in 11 months.
- 2.9% of Lincoln students defaulted on, or failed to repay, their loans\* during the fiscal cohort year 2019.\*\*
- 79% of *graduates* during 2020-2021 obtained full-time, non-temporary employment jobs in their field of study. 62% of *students who enrolled* in the program during 2020-2021 obtained full-time, non-temporary employment jobs in their field of study.\*\*\*

### Automotive Mechanics:

- The total cost of the program is \$18,018.
- 100% of students graduated from the program during 2020-2021.
- The average student graduates in 8 months.
- 2.9% of Lincoln students defaulted on, or failed to repay, their loans\* during the fiscal cohort year 2019.\*\*
- 0% of *graduates* during 2020-2021 obtained full-time, non-temporary employment jobs in their field of study. 0% of *students who enrolled* in the program during 2020-2021 obtained full-time, non-temporary employment jobs in their field of study.\*\*\*

### CNC Machining and Manufacturing Technology:

- The total cost of the program is \$22,509.
- 50% of students graduated from the program during 2020-2021.
- The average student graduates in 13 months
- 2.9% of Lincoln students defaulted on, or failed to repay, their loans\* during the fiscal cohort year 2019.\*\*
- 66% of *graduates* during 2020-2021 obtained full-time, non-temporary employment jobs in their field of study. 33% of *students who enrolled* in the program during 2020-2021 obtained full-time, non-temporary employment jobs in their field of study.\*\*\*

\* Your Loan Debt: You must repay money that you borrow as student loans to pay for this program, including interest. You must repay any portion of the money you borrow to pay for this program, even if you fail to complete or drop out of the program. Failure to repay student loans is likely to have a serious negative effect on your credit, future earnings, and your ability to obtain future student loans.

\*\* The federal FY19 official cohort default rate is calculated by dividing the number of student borrowers who entered into repayment between October 1, 2018 and September 30, 2019, and defaulted by September 30, 2021, by the number of student borrowers who entered repayment during that same period.

\*\*\* The graduation rate is calculated based on the number of students who received a credential in the calendar years of 2020 and 2021 divided by the number of students who enrolled during that same time period. The graduate placement rate is calculated based on those students who graduated from a program in the calendar years of 2020 and 2021 and were placed within 180 days from the end of each calendar year. The graduate placement formula published in 940 CMR 31.00 does not allow for Lincoln Technical Institute to remove graduates from the calculation including, but not limited to, those who continue their education at another institution of higher education or have health conditions that would preclude them from working.

Employment statistics substantiating these placement rates are available for inspection on request.

Lincoln Tech has no existing agreement with employers to provide jobs to students and does not guarantee employment.

By initialing here \_\_\_\_\_, I acknowledge that I have received the current school catalog and had an opportunity to review the catalog prior to signing the ENROLLMENT AGREEMENT.
