\* The employment percentage is calculated by dividing the number of graduates employed in field by the number of graduates available for employment within the reporting period.

$$\frac{\text{Number of Graduates Employed in Field}}{\text{Number of Graduates Available for Employment}}$$

\*\* The graduation percentage is calculated by dividing the number of graduates within 150% of the program length by the number students available for graduation within the reporting period.

$$\frac{\text{Graduates within 150\% of Program Length}}{\text{Number of Students Available for Graduation}}$$
